

Do those things you love. You must share your gift every-  
day. Know who you are. And know who you are not. Find  
your center. Connect with your higher consciousness. Act  
from a place of loving kindness in all you do. Forgive  
yourself. Love yourself. Be kind to yourself. Be with those who

SmileHealthy & The Trillium Project present

# Children's Words for Art Fundraiser

## Everyone Should Wear a Healthy Smile.

The Trillium Project believes words have power and raises awareness and support for those faced with extraordinary challenges by using stories in their own words to create art. Artist and creator Suzanne Loechl has teamed up with SmileHealthy to create jewelry art that incorporate words from our very own children dental patients. A portion of each purchase will help SmileHealthy provide our patients excellent oral health care.

Show your support by purchasing a Trillium Project pendant designed exclusively for SmileHealthy!
